### Company Info :

Success Grand Environmental Limited is established in 2001, provides one-stop environmental recycling and professional destruction service. We have obtained certificates of ISO 9001:2015 Quality Management System and ISO 14001:2015 Environmental Management System, as well as licence to collect and transport chemical waste, issued by Environmental Protection Department. Our experienced professionals and a team of logistics provide steady environmental recycling service to enterprises and institutions in the region. To ensure our clients with reliable and professional services, we constantly upgrade our technologies and equipments and increase our productivity, in order to achieve efficient use of various kinds of waste materials.

### First-time purchase offer :

HK\$200 discount upon first purchase of destruction service over HK\$1,000
