Partnerships

Partnering plays a strategic role in evolving our portfolio and growth. Bright Future is continuously looking for opportunities to expand our diverse product and business portfolios by adding innovative pipeline products and niche medical products to address unmet medical needs. We are a team of experienced professionals who are passionate, efficient, creative, responsive and productive. We aim to achieve mutually beneficial partnerships that offer:

- expedited product lifecycle development
- custom solutions to meet every type of need
- transparency and accountability
- end-to-end solutions including everything from development, manufacturing, regulatory, marketing, sales and distribution

Areas of Interest

Bright Future constantly seeks to strengthen our product portfolio and competitiveness by in-licensing and out-licensing innovative or niche products in the following therapeutic areas of interest:

- Dermatology
- Pediatrics
- Pain management
- Respiratory health (including antibiotics)
- Urology
- Gynecology
- Gastroenterology
