Company Info :

EAGLE IP is agency in HK that specializes exclusively on patent matters. We have more than 12 patent specialists including 9 US and Chinese patent agents/attorneys covering a full range of technology including electronics, IT, engineering, physics, material science, life science, green technology and chemistry. We have offices in Hong Kong and Shenzhen and can file patent applications directly before the Chinese and US patent offices. We also assist clients in developing a good IP strategy so that they can file and enforce patents worldwide at reasonable prices.

First-time purchase offer :

CMA members can enjoy first hour free consultation (HK\$2,500)
