Company Info :

About CXA Group: Asia's first employee health and wellness platform with a strong commitment to support corporate clients in managing Physical, Mental and Financial Wellness of their employees. Through the CXA platform, employers can enable employees to be better aware of the most appropriate individual medical protection, health tips and wellness services from the company. Trusting this will bring our corporate clients with a clear and measurable ROI, a more balanced work life and a higher productivity of the workforce.

In addition, CXA Group is also providing consultancy service in Mandatory Provident Fund (MPF) that helps employers to select the right MPF scheme for securing a better retirement planning of their employees and shift the spend from medical treatment to prevention. In addition, CXA is leveraging the platform usage and AI to match the right benefits and individual protection plans along different life stages with the corporate employees.

In the past few years, CXA has been awarded to the best InsurTech of the Year from the Asia Insurance Industry Awards and became the Top 3 most Influencing Innovative Project under Singapore Digital Techblazer Awards.

First-time Service Offer:

Every CMA member is entitled to a free basic consultancy service on MPF and employee benefits insurance (e.g. Life, Medical, Personal Accident, Travel, Group Insurance etc.). This offer does not include flexible benefits consultancy or design services.
