

ESG 經理實務證書課程： 將ESG挑戰轉化為業務增長的執行指南

ESG Manager Certificate Programme： A Practical Guide to Turn ESG Challenges into Business Growth

「環境、社會及管治」(ESG) 日益受到關注，對企業的發展方向、管理策略、實質營運帶來顛覆性的變化。如何從可持續發展的不同方面著力，以滿足客戶、投資者、監管機構和各利益相關者的關切，以及透過實施整體性、包容性的ESG策略開啟企業永續發展的新視界，已成為新時代管理者的一項重大挑戰。香港品牌發展局特聯同廠商會、CMA Testing合辦「**ESG經理實務證書課程**」，旨在為香港企業，特別是中小企業提供在本地營商環境下實踐ESG的執行指南，並協助培訓ESG領軍人才，以帶領企業採取行動將關鍵的ESG元素轉化為業務增長的動力，為品牌和社會創造價值。

The emerging trend of Environmental, Social and Governance (ESG) is expected to create disruptive change to business's strategies, direction and operations in the future. How to advance the different aspects of sustainable development to meet the concerns of customers, investors, regulators and various stakeholders and to open a new horizon for corporate development through the implementation of holistic and inclusive ESG strategies have become a grand challenge that business leaders must address in this new age. The ESG Manager Programme co-organised by the BDC, the CMA and the CMA Testing aims to assist local enterprises, particularly SMEs to understand the current and emerging ESG trends and how an enterprise can take a practical step to kickstart the ESG journey. By developing ESG strategies pertinent to the Hong Kong context and incorporating key ESG pillars into the enterprises sustainable growth drivers, the Programme is an implementation guide to assist Hong Kong companies to adapt to the green challenges and a platform to train leaders that champion the ESG cause to create values for brands and society.
