### Company Info :

KaChick is a tech startup which provides customized photography and videography solutions for different businesses.

With over 3,000 professional creative partners in Asia, the company curates high-quality teams and manages cross-border shooting projects at affordable costs based on its clients' specific needs.

International clients include L'Oréal, MAC, CEO Magazine, Marriott Group, Grand Hyatt Hotel, Food Panda, and so on.

KaChick also delivers value through its own cloud-based platform that helps clients store, review and collaborate on photos remotely. Its facial recognition technology can also support multiple business events and conferences.

### First-time purchase offer :

1. Business portrait (3 photos, including fine retouch)
2. Image background removal (10 photos)
